

Lanark Sale Report 2026

A much smaller sale than usual with only 39 animals forward. Perhaps BTV is concerning everybody and it certainly prevented any stock from England being entered. There were still some very good sheep on sale and the overall average price for Hebridean sheep was, yet again, ahead of that for other breeds.

Hebridean Sheep	£113.48
Shetland Sheep	£75.64
Greyface Dartmoor Sheep	92.25

14 Gimmers (Shearling Ewes) were sold at an average of 122.5gns. Top price, 290gns, for Euan Dunbar's *Glendoick Milly*.

6 Shearling Rams averaged 260gns, with all but one selling for 140gns or more and the top price, 750gns, paid for Euan Dunbar's *Glendoick Maximus*.

16 Ewes, mainly 4 shear or more, averaged 52.5gns.

The only Ram Lamb forward sold for 100gns.

Glendoick Maximus
